NOTES TO FINANCIAL STATEMENTS	9 - 18

#### INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees American Association for the Study of Liver Diseases Foundation Alexandria, Virginia

We have audited the accompanying financial statements of the American Association for the Study of Liver Diseases Foundation (the AASLD Foundation), which comprise the statement of financial position as of June 30, 2020, and the related statements of activities and change in net assets, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the AASLD Foundation as of June 30, 2020, and the change in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

4550 Montgomery Avenue · Suite 800 North · Bethesda, Maryland 20814 (301) 951-9090 · www.grfcpa.com

### **Report on Summarized Comparative Information**

We have previously audited the AASLD Foundation's 2019 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated September 25, 2019. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2019, is consistent, in all material respects, with the audited financial statements from which it has been derived.

September 22, 2020

#### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND GENERAL INFORMATION

Organization -

The American Association for the Study of Liver Diseases Foundation (the AASLD Foundation), an affiliate controlled by the American Association for the Study of Liver Diseases (the Association), was established in 2014 to support liver research and provide education about liver disease and its treatment to those providing care to patients. Core programs of the AASLD Foundation include providing research support for young investigators, advanced training and career development and the dissemination of educational materials for the non-hepatologist.

The mission of the AASLD Foundation is to invest in innovative Hepatology research and in the people who study and treat liver disease. The vision is to prevent and cure liver disease.

The Association has the authority to appoint the members of the Board of Trustees for the Foundation and provides shared office space, personnel and other resources with the Foundation, and as a result, they incur costs on behalf of one another.

#### Basis of presentation -

The accompanying financial statements are presented on the accrual basis of accounting, and in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities*. As such, net assets are reported within two net asset classifications: without donor restrictions and with donor restrictions. Descriptions of the two net asset categories are as follows:

- Net Assets Without Donor Restrictions Net assets available for use in general
  operations and not subject to donor restrictions are recorded as "net assets without donor
  restrictions". Assets restricted solely through the actions of the Board are referred to as
  Board Designated and are also reported as net assets without donor restrictions.
- Net Assets With Donor Restrictions Net assets may be subject to donor-imposed stipulations that are more restrictive than the AASLD Foundation mission and purpose. Some donor imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Donor imposed restrictions are released when the restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both. Other donor imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are recognized as revenue without donor restrictions when the assets are placed in service.

The accompanying financial statements represent the activity of the AASLD Foundation only. For the year ended June 30, 2020, the financial statements of the AASLD Foundation have been consolidated with the Association in accordance with FASB ASC 958-810, *Not-for-Profit Entities, Consolidation*. The consolidated financial statements are available at the AASLD Foundation's headquarters.

The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the AASLD Foundation's financial statements for the year ended June 30, 2019, from which the summarized information was derived.

#### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND GENERAL INFORMATION (Continued)

New accounting pronouncements adopted -

During 2019, the AASLD Foundation early adopted Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers* (Topic 606), as amended. The ASU provides a framework for recognizing revenue and is intended to improve comparability of revenue recognition practices across for-profit and non-profit entities. Analysis of the various provisions of this standard resulted in no significant changes in the way the AASLD Foundation recognized revenue; however, the presentation and disclosures of revenue have been enhanced. The AASLD Foundation has elected to opt out of all (or certain) disclosures not required for nonpublic entities and also elected a modified retrospective approach for implementation.

Also during 2019, the AASLD Foundation adopted ASU 2018-08, Not-for-Profit Entities (Topic 958): Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made. This guidance is intended to clarify and improve the scope and the accounting guidance for contributions received and contributions made. Key provisions in this guidance include clarification regarding the accounting for grants and contracts as exchange transactions or contributions, and improve guidance to better distinguish between conditional and unconditional contributions. The AASLD Foundation adopted the ASU using a modified prospective basis.

#### Cash and cash equivalents -

The AASLD Foundation considers all cash and other highly liquid investments with maturities of three months or less to be cash equivalents, and excluding money market funds held by investment managers in the amount of \$233,008 as of June 30, 2020. Bank deposit accounts are insured by the Federal Deposit Insurance Corporation ("FDIC") up to a limit of \$250,000. At times during the year the AASLD Foundation maintains cash balances in excess of the FDIC insurance limits. Management believes the risk in these situations to be minimal.

#### Investments -

Investments are recorded at their readily determinable fair value. Interest, dividends, unrealized and realized gains and losses, short-term and long-term gains, net of investment custodian and advisor fees are included in investment income in the Statement of Activities and Change in Net Assets.

#### Contributions receivable -

Contributions receivable that are expected to be collected within one-year are recorded at their net realizable value. Contributions receivable that are expected to be collected in future years are recorded at the present value of estimated future cash flows. The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the promises are received. Amortization of the discounts is included in contributions revenue. Conditional contributions are not included as support until the conditions are substantially met. As of June 30, 2020, all contributions receivable are deemed by management to be fully collectible; therefore, no allowance for doubtful accounts has been established.

#### Awards payable -

Awards are recorded as a liability when the commitment has been made by the AASLD Foundation.

#### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND GENERAL INFORMATION (Continued)

Contributions and research and fellowship awards -

The majority of the AASLD Foundation's revenue is received through contributions and research and fellowship awards. Contributions and grants received for research and fellowship awards are recognized in the appropriate category of net assets in the period received. The AASLD Foundation performs an analysis of the individual contribution and grant to determine if the revenue streams follow the contribution rules or if they should be recorded as an exchange transaction depending upon whether the transactions are deemed reciprocal or nonreciprocal.

For contributions and grants qualifying under the contribution rules, revenue is recognized upon notification of the award and satisfaction of all conditions, if applicable. Conditional promises to give are not recognized until the conditions on which they depend are substantially met. Contributions and grants qualifying as contributions that are unconditional that have donor restrictions are recognized as "without donor restrictions" only to the extent of actual expenses incurred in compliance with the donor-imposed restrictions and satisfaction of time restrictions; such funds in excess of expenses incurred are shown as net assets with donor restrictions in the accompanying financial statements. There were no conditional contributions as of June 30, 2020.

#### Functional allocation of expenses -

The costs of providing the various programs and other activities have been summarized on a functional basis in the Statement of Activities and Change in Net Assets. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Expenses directly attributed to a specific functional area of the AASLD Foundation are reported as direct expenses to the programmatic area and those expenses that benefit more than one function are allocated on a basis of estimated time and effort or other reasonable basis.

Awards expenses include research and travel awards as well as supporting expenses such as awards marketing, advertising and promotions, research awards committee travel and meeting expenses and staff time supporting the awards. The Emerging Liver Scholars program represents the direct expenses and the Association funds up to \$100,000. All other costs related to this program are under the Association.

#### Use of estimates -

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

#### Income taxes -

The AASLD Foundation is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes has been made in the accompanying financial statements. The AASLD Foundation is not a private foundation.

#### Uncertain tax positions -

For the year ended June 30, 2020, the AASLD Foundation has documented its consideration of FASB ASC 740-10, *Income Taxes*, that provides guidance for reporting uncertainty in income taxes and has determined that no material uncertain tax positions qualify for either recognition or disclosure in the financial statements.

#### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND GENERAL INFORMATION (Continued)

Risks and uncertainties -

The AASLD Foundation invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying financial statements.

Fair value measurement -

The AASLD Foundation adopted the provisions of FASB ASC 820, Fair Value Measurement. FASB ASC 820 defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs (assumptions that market participants would use in pricing assets and liabilities, including assumptions about risk) used to measure fair value, and enhances disclosure requirements for fair value measurements. The AASLD Foundation accounts for a significant portion of its financial instruments at fair value or considers fair value in their measurement.

#### Reclassification -

Certain amounts in the prior year's financial statements have been reclassified to conform to the current year's presentation.

#### 2. INVESTMENTS

Investments consisted of the following at June 30, 2020:

Money Market Funds	\$	233,008
Mutual Funds:		
Domestic Large Cap Value and Growth		5,644,882

Research and Fellowship Awards		2,783,644
Memorial Travel Awards		25,020
Endowment Contributions Restricted in Perpetuity	_	<u>1,858,730</u>
TOTAL NET ASSETS WITH DONOR RESTRICTIONS	\$	5,063,672

The following net assets with donor restrictions were released, for the year ended June 30, 2020, by incurring expenses, which satisfied the restricted purposes specified by the donors:

Purpose restrictions accomplished:	
Research and Fellowship Awards	\$ 1,689,000
Accumulated Endowment Earnings	33,400

TOTAL NET ASSETS RELEASED FROM DONOR RESTRICTIONS **\$** 1,722,400

#### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

#### 6. LIQUIDITY AND AVAILABILITY

Financial assets available for use for general expenditures within one year of the Statement of Financial Position date comprise the following at June 30, 2020:

Cash and cash equivalents	\$ 888,555
Investments	15,727,127
Contributions receivable, current portion	<u>848,875</u>
Subtotal financial assets available	17,464,557
Less: Donor restricted funds	(5,063,672)
Less: Board designated endowment	(3,226,200)
Less: Board designated for research awards	<u>(575,000</u> )

# FINANCIAL ASSETS AVAILABLE TO MEET CASH NEEDS FOR GENERAL EXPENDITURES WITHIN ONE YEAR

8,599,685

The AASLD Foundation has a policy to structure its financial assets to be available and liquid as its obligations become due. As of June 30, 2020, the AASLD Foundation has liquid financial assets equal to approximately 27 months of average annual operating expenses. The AASLD Foundation also has an operating reserve that can be drawn upon if needed.

#### 7. RELATED PARTY

The American Association for the Study of Liver Diseases (the Association) has the authority to appoint the members of the Board of Trustees for the AASLD Foundation and provides shared office space, personnel and other resources to the AASLD Foundation and as a result, they incur costs on behalf of one another which is based upon appropriate apportionment methods. These costs are subsequently reimbursed between the two organizations.

As of June 30, 2020, the Foundation owed the Association \$147,205, net of receivable, as a result of these activities.

During the year ended June 30, 2020, the AASLD Foundation received a grant in the amount of \$1,175,000 from the Association which is recorded in the Statement of Activities and Change in Net Assets. In addition, the Association donated \$3,000 received from in-kind contributions for honoraria and stipends.

#### 8. FAIR VALUE MEASUREMENT

In accordance with FASB ASC 820, Fair Value Measurement, the AASLD Foundation has categorized its financial instruments, based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument. Investments recorded in the Statement of Financial Position are categorized based on the inputs to valuation techniques as follows:

**Level 1.** These are investments where values are based on unadjusted quoted prices for identical assets in an active market the AASLD Foundation has the ability to access.

#### **NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020**

#### 8. **FAIR VALUE MEASUREMENT (Continued)**

Level 2. These are investments where values are based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, or model-based valuation techniques that utilize inputs that are observable either directly or indirectly for substantially the full-term of the investments.

Level 3. These are investments where inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodology used for investments measured at fair value. There were no transfers between levels in the fair value hierarchy during the years ended June 30, 2020. Transfers between levels are recorded at the end of the reporting period, if applicable.

- · Money Market Funds The money market fund is an open-end funds that are registered with the Securities and Exchange Commission (SEC) and is deemed to be actively traded.
- Mutual Funds Valued at the daily closing price as reported by the fund. Mutual funds held by the AASLD Foundation are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily value and to transact at that price. Mutual funds held by the AASLD Foundation are deemed to be actively traded.

The table below summarizes, by level within the fair value hierarchy, the AASLD Foundation's investments as of June 30, 2020: Lovol 2

#### 9. **ENDOWMENT**

The AASLD Foundation's endowment consists of donor-restricted endowment funds and funds designated by the Foundation Board of Trustees to function as endowments. As required by GAAP, net assets associated with endowment funds, including funds designated by the Foundation Board of Trustees to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions. In relation to the endowment, the Foundation Board of Trustees is subject to the Uniform Prudent Management of Institutional Funds Act (UPMIFA) and, thus classifies amounts in its donor-restricted endowment funds as net assets with donor restrictions because those assets are time restricted until the Foundation Board of Trustees appropriates such amounts for expenditures. Most of those net assets also are subject to purpose restrictions that must be met before reclassifying those net assets to net assets without donor restrictions.

#### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

#### 9. ENDOWMENT (Continued)

The Foundation Board of Trustees has interpreted UPMIFA as not requiring the maintenance of purchasing power of the original gift amount contributed to an endowment fund, unless a donor stipulates the contrary. As a result of this interpretation, when reviewing its donor-restricted endowment funds, the AASLD Foundation considers a fund to be underwater if the fair value of the fund is less than the sum of (a) the original value of initial and subsequent gift amounts donated to the fund and (b) any accumulations to the fund that are required to be maintained in perpetuity in accordance with the direction of the applicable donor gift instrument. The AASLD Foundation has interpreted UPMIFA to permit spending from underwater funds in accordance with the prudent measures required under the law. Additionally, in accordance with UPMIFA, the AASLD Foundation considers the following factors in making a determination to appropriated or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund;
- The purpose of the AASLD Foundation and the donor-restricted endowment fund;
- General economic conditions and the possible effect of inflation and deflation;
- The expected total return from income and the appreciation of investments; and
- Investment policies of the AASLD Foundation.

Endowment net asset composition by type of fund as of June 30, 2020:

	Without Donor Restrictions			Vith Donor estrictions	Total		
Board Designated Endowment Funds	\$	3,226,200	\$	-	\$	3,226,200	
Donor-Restricted Endowment Funds: Original donor-restricted gift amount and amounts required to be							
maintained in perpetuity by donor Accumulated investment earnings		- -	_	1,858,730 396,278	_	1,858,730 396,278

#### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

#### 9. ENDOWMENT (Continued)

Contributions restricted in perpetuity consisted of the following at June 30, 2020:

#### **Foundation Campaign**

**\$** 1,858,730

Funds with Deficiencies -

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the organization to retain as fund of perpetual duration. In accordance with GAAP, there were no deficiencies of this nature that are reported in unrestricted net assets.

Return Objectives and Risk Parameters -

The AASLD Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the organization must hold in perpetuity or for a donor-specified period(s) as well as board-designated funds.

Under this policy, as approved by the Foundation Board of Trustees, the investment objectives are:

- A. Preservation of capital;
- B. The achievement of a favorable rate of return over time, within acceptable parameters of risk; and
- C. Sufficient liquidity to provide for the necessary cash flow requirements.

Strategies Employed for Achieving Objectives -

To satisfy its long-term rate-of-return objectives, the AASLD Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The AASLD Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and How the Investment Objectives Relate to Spending Policy -

The AASLD Foundation has a policy of appropriating for distribution each year an amount not to exceed earnings from dividends, interest and realized gains and losses. This is consistent with the AASLD Foundation's objective to maintain the purchasing power of the endowment assets held in-perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

#### 10. SUBSEQUENT EVENTS

In preparing these financial statements, the AASLD Foundation has evaluated events and transactions for potential recognition or disclosure through September 22, 2020, the date the financial statements were issued.

#### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

### 10. SUBSEQUENT EVENTS (Continued)

On March 11, 2020, the World Health Organization declared the Coronavirus disease (COVID-19) a global pandemic. As a result of the spread of COVID-19, economic uncertainties have arisen which may negatively impact the AASLD Foundation's operations.
